MEMORANDUM FOR: Chief, Commercial Staff, DD/P

SUBJECT: CM Support of ORR Personnel Traveling
to AAG Meetings

1. During the period 17-21 April 1960 a number of personnel of the Geographic Research Area and the Economic Research Area in the Office of Research and Reports were flown to and from Dallas, Texas for the purpose of attending the annual meeting of the Association of American Geographers. The entire trip was a profitable one for all of those who participated. As geographers, the opportunity to view the landscape from above was especially valuable, and the provision of the aircraft for our use is most appreciated.
